Transportation Planning | Nevada Department of Transportation

Dear whom it may concern,

Paragraph 1: Formal Introduction I am writing to express my enthusiastic interest in the Transportation planning position with the Nevada Department of Transportation. I have long admired your commitment to sustain infrastructure and my background in Math- Physics makes me an ideal fit for this role. My interest in this field was sparked by hearing about how transportation planners have helped the school community which taught me the value of service.

Paragraph 2-3: Qualifications & Skills Throughout my academic career and work experience, I have developed strong communication and coding. For example, in my role as team lead I helped the jobsite become more efficient. I am highly proficient in the vocabulary and tools required for this role, including Math and coordinating.

Furthermore, my experience with statistics was demonstrated when I took multiple classes using stats. By applying my ability to be a leader, I was able to complete projects. I am confident that my background in Math- Physics with a minor in Data Analysis and my hands-on experience with python will enable me to be a valuable contributor to your team.

Final Paragraph: Request for Action I am very enthusiastic about the prospect of joining the Nevada Department of Transportation and contributing to your upcoming projects. I look forward to the possibility of discussing how my skills and experiences align with the needs of your team. Thank you for your time and consideration.

Sincerely,

Corban Freese
